

Overnight paving of Greenwood Ave N access to driveways off Greenwood Ave N restricted for short period

OVERVIEW

Last week, crews removed the top 2 inches of the old asphalt on Greenwood Ave N between N 112th and N 136th streets in preparation for repaving. Next Thursday and Friday nights, August 18-19, the replacement asphalt will be laid on the northern half of this corridor, between N 125th and N 136th streets.

In the interest of efficiency, the work will be done at night between the hours of 7 PM and 6 AM the following morning. Greenwood Ave N will remain open to traffic during the repaving, although will be reduced to a single lane in each direction, with traffic shifted to the side of the road not being repaved that night.

People driving will NOT have access in or out of driveways on Greenwood Ave N for a short period of time while the asphalt is being applied and for a period of a few hours afterward while it cools. People driving who will likely to need access to their vehicles during these restricted periods are asked to park on nearby side streets in advance of the closure.

We will repave Greenwood Ave N between N 112th and N 125th streets in September. In the interim, drivers should expect to drive on a rough road surface.

This project is funded by the 9-year Levy to Move Seattle, approved by voters in 2015. Learn more about the levy at www.seattle.gov/LevytoMoveSeattle.

WHAT TO EXPECT DURING CONSTRUCTION

- Paving work hours next Thursday and Friday will be 7 PM until 6 AM the following morning.
- One travel lane in each direction will be maintained on this section of Greenwood Ave N throughout the paving process.
- Thursday night, August 18, the southbound lanes between N 125th and N 136th streets will be paved.
- Friday night, August 19, the northbound lanes between N 125th and N 136th streets will be paved.
- On-street parking adjacent to the paving will be prohibited until the repaved lanes are reopened.
- People driving will NOT be able enter or exit driveways for several hours, until the newly laid asphalt has had time to cool. If you will need a vehicle during this time, consider parking on side streets.
- On Thursday night, we estimate that southbound driveways between N 130th and N 136th streets will be closed from 7 PM and midnight, while southbound driveways between N 125th and N 130th streets will be closed between 10 PM Thursday night and 6 AM Friday morning. These hours are estimates that could change depending on how well paving progresses.
- On Friday night, we estimate that northbound driveways between N 130th and N 136th streets will be closed from 7 PM until midnight, while northbound driveways between N 125th and N 130th streets will be closed between 10 PM Friday night and 6 AM Saturday morning. These hours are estimates that could change depending on how well paving progresses.
- Emergency vehicles will have access.
